MANY WAYS TO FEEL SOME SPEED

A partly lit network of around 100 kilometres of ski tracks winds its way through the diverse terrain of Himos-Jämsä. The new Himos **First Snow Track** runs from the slopes of Northern Himos towards Western Himos. The total length of the track is 3.4 km, it is 8 to 10 m wide and lighted along its entire length.

Several outdoor ice fields and three ice arenas make it possible to play a variety of ice sports. Hundreds of years old, curling is a sport that has maintained its popularity over time. You can book on-ice time at the **Längelmäki-halli** ice hall for curling. You can skate on the Himos Patalahti Nordic skating track on your own or with a guide (weather permitting).

On snowshoes, you can enjoy the silence of nature and discover its diversity. With the

snowshoes still on, you can also check out ski jumping or telemark. On a fresh frosty day, **McAhon safarit** and **Kievari Rantapirtti's** dogsled safaris offer an experience that makes your holiday memorable.

DID YOU KNOW

Located along the ski track, the **Pykälä Hut** is open on weekends from 1 January to 31 March. In January from 10:00 a.m. to 4:00 p.m., in February and March from 10:00 a.m. to 5:00 p.m. During the skiing holiday weeks (21 February to 6 March) every day from 10:00 a.m. to 5:00 p.m. From January to March, it is open on full moon evenings from 5:00 p.m. to 8:00 p.m. **You can find the Jämsä ski track map at jamsa.sometec.fi.**

ACTIVITIES FOR THE WHOLE DAY

Himos Safaris' weekly programme includes a host of things to do, ranging from ice hole swimming adventures to night safaris on a snowmobile. You can rent an ATV or snowmobile and discover Himos' majestic landscapes on your own or join a guided safari. There is also, among other things, a snowmobile school for kids. Himos Safaris services are always tailored to suit each group's needs. Himos-Jämsä is a great place to spend work ability days (TYKY days). Book accommodations, meals and meeting facilities as well as various activities for your group.

At **Simulator World**, you can experience realistic car racing in a rally simulator. Get the real feel of a rally Mini Cooper when the bonnet blows out right before your eyes.

Game consoles, sports simulator, shooting game and karaoke offer a relaxing change of pace to car racing. Did you know that you can get a ride in a real rally car at Simulator World?

PÄIVI HEIKKALA RELIES ON HIMOS'S APPEAL

At Himos, you might bump into the benign Päivi Heikkala, who seized the position of the Managing Director of Himos Holiday in February 2021 after she was requested to do so. Born in Tornio, Heikkala lived in Rovaniemi for years and even in Germany for a while before settling in Jyväskylä in 2015, where she led an international tourism project: “I was enticed by the idea of returning to business. It is especially fascinating that you can participate in the work from start to finish.”

”

Our reception desk is a kind of tourist information point that possesses great know-how. They recommend services, talk about felt factories, nature sites and cultural events as well as companies in different fields.

ATTRACTIVE HIMOS. Himos's location is great from the viewpoint of all Finland. The range of events in the area is versatile, from the sounds of engines to various sports activities and music events. There is also a multipurpose hall project under way, which will improve year-round usability when completed. “Cooperation is important. Strong, well-functioning networks play a key role – no company can survive all alone,” Heikkala says.

Through the rental agency services of Himos Holiday, there are about 500 cottages available in the cottage village. They are in great demand, and the booking calendars are filled quickly especially for the weekends. “In total, Himos has about 3,400 to 3,500 beds, the same amount of hotel accommodations as in the entire city of Jyväskylä. This is a large entity,” Heikkala states.

A WARM AND COMPETENT COMMUNITY.

Heikkala has enjoyed her work in Jämsä, and the work community deserves special thanks because of their warm welcome: “We have great staff, skilled and competent, and I would not be able to manage without them.”

The Himos Holiday sales team is always ready to guide people also towards the City of Jämsä's services, which provide intimate support to the holiday resort: “Our reception desk is a kind of tourist information point that possesses great know-how. They recommend services, talk about felt factories, nature sites and cultural events as well as companies in different fields,” Heikkala describes.

PROUD TO BE A RESIDENT OF JÄMSÄ. A certain feature of the Jämsä residents has made a special impression on Heikkala: “The residents of Jämsä are proud of their roots, and I feel that they really appreciate their own region. It is great. Right, and the dialect – it sounds funny.”

SKI SLOPES TO SUIT EVERYONE

The largest and most diverse ski resort in Southern and Central Finland serves skiers at Himos. The ski season generally starts in mid-December and continues all the way until May Day.

FREESTYLING. In the winter, skiers and snowboarders have 26 slopes, 16 lifts and three Snow Parks at their disposal. The slopes come in all levels of difficulty, with something to suit every skill level. Beginners should practice on the easy slopes of HimosLumila. There are several black slopes for experts and three different freestyle areas. Skiing teachers are happy to provide instruction to both children and adults as well as help experts brush up on their technique.

A SNOW WORLD FOR THE ENTIRE FAMILY. HimosLumila offers plenty of fun things to do for the whole day! The area has, among others, two carpet lifts and smooth downhill slopes suitable for skiing, sledding, steerable sleds or snow tubes. For the smallest members of the family, there is also a playground with play equipment, and you can bring along your own food and enjoy a bite at Lumila's three charming lean-tos. The admission fee includes free usage of sleds, steerable sleds, sledding mats and tubes.

GUIDED OR INDEPENDENT ACTIVITIES

The **Children's Traffic Park** has been a summer favourite for kids for decades. In the Traffic Park, children under 140cm in height can learn the rules of the road from behind the wheel of a pedal-powered car.

Himos Safaris organise interesting activities and a wide variety of things to do throughout the year. There are many choices from ATV safaris to archery. At Himos, you can rent an **e-Fatbike**, which will take you on marked routes of just a few kilometres or longer treks. If you so desire, you can take in the gorgeous resort landscapes from the saddle of a bike at the top of Himos, for instance.

At the **Hirvikartano Moose Manor Zoo**, you'll have the chance to meet moose, fallow deer and reindeer up close and personal, maybe even pet them or give them a kiss! The animals are kept in their own natural environment.

Jämsä has the largest paintball ranges in Finland. The end of the summer season at **Jämsä Paintball** culminates with the international Big Game, where there is no shortage of paint ammo. Also located close to Himos is the airsoft range, which is run by **Jämsä Airsoft Games** and which features trench networks that introduce new challenges to the game.

GOLF AND DISC GOLF

Himos's full-size **golf course** is one of Finland's few resort-style golf courses, which offers accommodation and a wide range of activities in addition to golf. This field is suitable for players of all levels. The six-kilometre course winds its way across an area of 118 hectares, offering outstanding conditions for golf in a beautiful natural setting.

A membership card or green card from any golf club is all that's needed to play on the course. Golfing equipment is available for rent, and there are also courses on offer for a variety of skill levels.

DISC GOLF IS FOR EVERYONE. Jämsä also has several free disc golf courses. One of the best things about disc golf is how easy

it is to get started. All you need to bring with you is a disc and a get-up-and-go attitude. The local courses are all park-like and easy to get around.

The frisbee golf course in **Lamminsuu**, close to the centre of Jämsä, starts from the Puukilankatu street. **Kievari Rantapirtti Inn** in Koskenpää offers a disc golf course and sells and rents out discs. The hilly nine-hole course at **Halli** starts from the sports centre grounds on Jannentie. The newest forest course in the Jämsä area has 10 holes and is easily accessible. The starting point is located on the Jykontie street in **Länkipohja**. The 18-hole, foresty **Myllymäki course** in Jämsänkoski is suitable for both recreational and competitive use.

AN EXERCISE PARK IN THE MIDDLE OF THE CITY

Located in the Jämsä town centre, the **Maaumala activity park** offers a wide variety of sports and recreational activities.

In the heat of summer, you can take a swim and spend time in the sunny terrace of the park sunbathing and enjoying a picnic.

In the Maaumala area, you can play basketball and beach volleyball as well as sports suitable for small sports pitches, such as petanque. In the fenced multipurpose arena, you get to play team games such as football and floorball.

The activity park also has a wide range of outdoor exercise equipment, a children's playground and the world's first **Buk Off Ice Game Park**. In the Ice Game Park, you can practise stick handling techniques for, among others, ice hockey, rink ball and floorball on a variety of skill courses. For those looking for more fast-paced action, we recommend the **Pumptrack** course for bikes and scooters.

WONDERFUL WATERWAYS!

Jämsä is located in the middle of the most wonderful part of Lakeland Finland. There are all kinds of waters for all kinds of activities, or to simply enjoy a summer day on the beach.

Swimmers and sunbathers alike will love the **Maauimala** outdoor swimming pool in the town centre and, just a few kilometres away, the beach on **Lake Särkijärvi**. At Jämsänkoski, the beach of **Swimming Hall Koskikara** boasts a water slide for kids and a diving platform next to the hall. The shallow and sandy shore of **Varpaisniemi** makes it a favourite for families with children.

At Himos, you can rejuvenate in the waters of **Patalahti Bay** or drop a line to see if the fish are biting. You can go trolling on the **Jämsänjoki River**, which is located right next to the town centre. At Koskenpää, you can try to lure in a salmon on the

swirling waters of **Survosenkoski** and **Virtalanvirta** rapids. There are several launches on **Pahalampi Pond**, one of which is accessible. Guided fishing trips and boat taxi rides on Lake Päijänne are provided by **Lucky Fish**. Conveniently located close to the centre of Jämsä, the **AV-ase ja erä** shop offers all the permits and equipment you will need.

Päijännematkat Koskinen's Tuulikki boats will take you through river country on a cruise to Lake Päijänne. The company's Tuulikki charters depart from the harbour in the centre of Jämsä. **Himos Laketours** also offers private boat trips on Lake Päijänne on request.

PADDLING ALONG THE WANHA WITONEN

The 75 km long **Wanha Witonen** paddling route runs from Petäjävesi to Koskenpää, through Jämsänkoski and the centre of Jämsä, and then all the way to Lake Päijänne. The route also has shorter sections which are suitable for day trips.

Along the marked route there are small rapids and chutes as well as lakes and river sections. It is also possible to skirt round the rapids by land, making the route suitable for all skill levels. Experienced canoeists can continue on from Päijänne to Arvaja or Himos.

You can enjoy your own meals at the waterside resting areas along the route. In addition to accommodations and restaurants, you can visit various sights along the route, such as the Petäjävesi Old Church, the Aarresaari Local Museum, the Rasuanniemi Nature Reserve and the Pälämäki Local Museum.

Kievari Rantapirtti and **Eräopaspalvelu Talvi (Talvi Wilderness Guide service)** offer paddling trips, equipment and transport for paddlers. Additional information on the services and more precise route details are shown on a waterproof route map, which can be purchased at the City of Jämsä Tourist Information Centre and elsewhere.

NATURE INVITES YOU TO EXERCISE

Landscapes shaped by the Ice Age and unique nature reserves await the adventurous.

Isojärvi National Park is an exceptional area for hiking, with over 30 km of marked trails of different lengths. Distributed along the routes there are lean-to shelters and rest areas. The park also includes over 20 islands, which can be explored by canoe or rowboat.

At nearly seven metres in height, Central Finland's largest waterfall **Juveninkoski** is located right along the Partalantie road, near the felt factories. Other good hiking destinations include **Himos** trekking routes, **Pukinvuori** exercise trail and stairs, **Lake Rotkojärvi**, **Vororotti**, **Synninlukko Ravine Valley** and the natura area in **Rasuan-**

niemi. The new **Sorvajärvi** mountain bike and nature activity trail is well marked and there is a lean-to shelter and campfire site along the way. Enjoy the landscapes of **Himosvuori** and the diverse terrain also by bike.

Ilkka Talvi

Many of the sites are brimming with fascinating stories that are fun to tell.

ILKKA TALVI TELLS STORIES, PERFORMS MUSIC AND GUIDES PEOPLE IN THE WONDERFUL NATURE OF JÄMSÄ

Among the humming trees, under the high sky, Ilkka Talvi feels great. Nature is like a home for the man, but for the Jämsä resident who works as a nature guide, it is also a workplace.

Eräopaspalvelu Talvi (Talvi Wilderness Guide service) has operated in Jämsä since 1994. His work in the forest industry used to take Talvi to all kinds of places in Finland until he ended up in Jämsä in 1993.

Guided by Talvi, tourists can familiarise themselves with such things as ice fishing and skiing in the wonderful nature of Jämsä. The most popular product of Talvi Wilderness Guide service is canoeing. When you paddle along, the environment can be seen from a different perspective, and Jämsä offers several interesting choices for routes: “Wanha Witonen that passes through Lake Kankarisvesi is a wonderful, diverse route. The Jämsänjoki River, on the other hand, is good and sheltered,” describes Talvi.

Stories and music are an important part of the guide's work. “Many of the sites are brimming with fascinating stories that are fun to tell.” During the excursions, customers can hear stories and enjoy music.

FEELING GOOD. Well-being is important to all of Talvi's products. The purpose is to provide people with thrills, feelings of success and experiences. Customer-orientation and high-quality services are the magic words, without forgetting respect for nature. The passion for doing things shines through Talvi: “I love my work. I have never felt bad about going to work, not even a single morning.”

In addition to canoeing, the customers are offered experiences such as archery, snowshoeing, hiking and action adventures – and let's not forget peaceful moments around the fire.

Ilkka Talvi, who has already passed the retirement age but continues to engage in his business passionately, has enjoyed his time in Jämsä: “Life is good here. Sometimes I go out with my wife, even if it rains and pours. We put on suitable clothes and take each other's hand. Nothing else is needed.”

SAUNA SOOTHES THE SOUL

The country's best smoke saunas and original barrel saunas are from Jämsä. In the Himos-Jämsä area, you can relax and completely escape the workaday world. All of the rental cabins in the area have their own sauna. There are also various great saunas to rent. More than 100 of the rental cabins in Himos have their own hot tub or jacuzzi.

IN THE SAUNA COURTYARD OF HIMOS HOLIDAY, you can take a tour with a large group of people and visit traditional wood stove, electric and smoke saunas, or a more exotic barrel sauna. It is pleasant to relax in the heated pools under the twinkling winter stars. The Sauna Courtyard also has large terraces and fireplace lounges as well as a grill shelter for roasting sausages.

The world's first **BARREL SAUNA** can be found in Kievari Rantapirtti at Koskenpää. In the 1950s and 1960s, Rantapirtti's old master came up with the idea to make a sauna from

old tar factory barrels. There is also a goathi sauna and a few smoke saunas in Rantapirtti.

A FLOATING SAUNA cruises near Himos, in the Patalahti Bay of Jämsä. The wood stove sauna can accommodate up to 10 people at a time. During the cruise, you can take a swim or grill and enjoy refreshments in between the sauna sessions.

The sauna department of the Simulator World has the fastest sauna in Finland. In the **FERRARI SAUNA**, you will hear the best explanations, sweat will flow and it gets better as the night closes in.

Located along the waterfront of Lake Päijänne in Juokslahti, Jämsä, the **SAUNA VIL-LAGE** offers a genuine sauna experience and a journey into the history of Finnish sauna. Visitors to the Sauna Village can visit the world's most extensive collection of Finnish smoke saunas. Of more than 20 historic saunas in the Village, the oldest dates back to the 1700s and the newest represent smoke sauna construction from the 1940s.

The oldest smoke saunas tell their own story about the history of Finnish saunas, and the traditions of sauna building in different regions. You can also take part in sauna culture at the Sauna Village. In the open saunas on Saturdays in the summer, you can bathe in smoke saunas from all over Finland. You can also book a private sauna.

Grills are available to all visitors and you can come for a picnic whenever you like. The Sauna Village also organises a variety of events and theme days every year. Guided tours presenting the history of the Finnish sauna (in Finnish and English) can be booked in advance. The Sauna Village offers an excellent setting for events or even a recreational day. You can also visit the Village on your own initiative outside sauna sessions.

Kuorevesi Summer
Theatre

GET INSPIRED BY THEATRE. Jämsä has an active amateur theatre scene. Local theatres specialise in comedies and telling stories about the people of Jämsä. **J+J Theatre** is a professionally-led amateur theatre that prepares 3 to 4 new shows every year for adults and children. **Jämsä Summer Theatre** can be found in Pietilä, Sähkökoski. **Kuorevesi Summer Theatre** offers comedies for the whole family and has a covered stand for the audience. **Teatteri Tenho** produces, among others, plays, poetry recitals and humorous programmes. During the winter season, the Turkinkylä Theatre perform funny comedies at the charming **Turkinkylä Village Hall**. **Kinotar Cinema** provides the latest, most popular films every day.

DIVE INTO HISTORY. Set out on a journey of discovery to fascinating museums and be taken away by the trends of yesteryear. Open in the summer, **the local museums of Kuorevesi, Längelmäki, Pälämäki and Aarresaari** present the history of rural life. The **Farmer's Museum** contains an extensive collection of farming and forestry machines as well as an exhibition devoted to the work performed by women. **Helminauha Toy Museum** has an extensive collection of around 5,000 toys, ranging from the start of the 20th century to the present day. **Hallinportti Aviation Museum** displays many aspects of the history of aviation. You can explore small objects, rare aircrafts and library archives. **The Veljekset Karhumäki Ltd** aerial photography collection presents the founding of Halli and the birth of the Finnish aviation industry in photographs beginning in 1929. **himosjamsa.fi/en/attractions/museums/**

AWESOME OVERNIGHTS

With hundreds of lodging options to choose from at Himos-Jämsä, you're sure to find just the right accommodations for your needs, whether you're looking for slopeside services, the rush of a festival crowd or even the peace and tranquillity of nature.

PEACE AND QUIET, WITH SERVICES AND EVENTS NEARBY.

Using the **Himos Central Booking Office**, you can find accommodation options ranging from basic cabins to top-level holiday suites. The Himos holiday cabins are within walking distance of the slopes and services, with the most distant cabins being only 5 km away. The Himos Holiday conference villas are pleasant facilities for hosting groups of 8-23 on team days, meetings and

sauna evenings. You can also book meeting equipment, catering and activities as supplementary services.

Himosmajoitus offers approximately 60 holiday cottages. In addition to cottage accommodations, the company also serves holidaymakers at the foot of West Himos in the three restaurants of **Restaurant Rinne**. The restaurant's facilities can accommodate a larger group of people, and you can get refreshed after the meeting in the great sauna facilities with an outdoor Jacuzzi.

RURAL TRANQUILLITY AND A HOLIDAY VILLA VIBE

YOUR OWN SUMMER CABIN IN HIMOS

Are you dreaming of having your own summer cabin in Himos? Then take some time during your holiday to come and see the beautiful holiday home plots available at Himoslehtelä.

HIMOS IS EXPANDING AND DEVELOPING.

The city of Jämsä is selling plots of land at Himoslehtelä, located close to the shore opposite the North Himos ski slopes. Those staying at Himoslehtelä get to enjoy the peace and quiet of the idyllic rural landscape, while still being close to the Himos services and recreational opportunities. Himos is expanding towards the east, heading towards the lakeside landscapes of Päijänne, where the planned Päijänrannan harbour and holiday home village will offer more opportunities for year-round living. Visitors are drawn to the area by the Himos holiday resort, Jämsänniemi's abundant forests and the recreational

opportunities offered by the waters of Päijänne. With its full-size golf course, quality ski slope services and large-scale festivals, Himos is becoming an ever more enjoyable holiday resort. Located between Tampere and Jyväskylä, it's easy to pay a weekend visit to Himos. It's also simple to add to your Jämsä cabin holiday a day trip to one of Finland's largest cities, and still return to the peace of the countryside in the evening.

INVEST ► JÄMSÄ

From Jämsä, it is also easy to make a day trip with the whole family to Tampere, Jyväskylä or even Tuuri, as the location is very good.

COTTAGE LIFE AND DAILY LIVING IN HIMOS WITH THE WHOLE FAMILY

The Southern Finnish Gottleben couple, Mikko and Kati, fell in love with Jämsä-Himos around ten years ago. They looked for a suitable cottage in Central Finland until a pleasant place was found in Jämsä. Today, their everyday lives are steered from Jämsä – whenever possible.

The couple's son Mikael and his family also bought a cottage next door. Jämsä has become a place where they spend a great deal of time. The grandparents' cottage and its beach are in intense use, as all four children and four grandchildren of Mikko and Kati often visit them.

A VERSATILE RANGE AND GOOD SERVICE. Golfing is a pleasant entertainment, especially for the men in the family, but the region's other offering also receive praise: "Here you can pick berries and mushrooms, and it's a good place to walk the dogs. Additionally, there are playgrounds in the city centre, a scooter course and a basketball court. We think the service is very good here."

Both the father and the son say they use the full range of Jämsä's services: "Hardware stores, woodwork stores, Matkahuolto's passenger and parcel services and R-kioski stores are part of my everyday life. The women regularly visit Witikkala Manor, Vehkala and Löytötex." Construction supplies will be needed in the future as well, as Mikael, his uncle and his former colleague have acquired a plot in Himoslehtelä where they will start building a cottage.

GOOD LOCATION. The men of the Gottleben family work remotely, making it possible to spend plenty of time in Jämsä. They still have to drive up to tens of thousands of kilometres per year: "At most, I drive here to Himos five times a week. When I drive, I can manage my work matters even better than at the workplace," Mikael says. "From Jämsä, it is also easy to make a day trip with the whole family to Tampere, Jyväskylä or even Tuuri, as the location is very good."

HIGH-QUALITY BUSINESS EVENTS. The Gottlebens see Himos as an excellent location for business events as well: "It is a good idea to arrange company events here, for example. The performers are high-quality as well. The company's Christmas party has been arranged at Himos on a few occasions, even for over 70 people."

Both men are open to the possibility that they become Jämsä residents permanently: "We could have a small apartment in the capital region that we could visit from time to time."

PURE CULINARY DELIGHTS

The diverse offering of the Jämsä region will whisk you away on a culinary journey into the world of traditional foods, exotic flavours and delicious pastries.

At **Restaurant Hirvikartano (Moose Manor)**, you can enjoy delicious game dishes while visiting with live moose and deer. The **Vanha Mylly (Old Mill)** restaurant serves local food in an idyllic setting.

Himos boasts a wide variety of **Slopeside restaurants**. You can dine on delicious bistro and burger meals as well as an extensive lunch buffet at **Restaurant Rinne**. **Tupa Kitchen & Bar** offers a hearty breakfast as well as à la carte options. **Mono Pub** has the best pub atmosphere and karaoke.

The **Patalahti service station** serves up a tasty lunch buffet. **Neste Jämsän Portti** offers both generous buffet meals as well as many tasty options from Hesburger and Kotipizza. Located in the Jämsä town centre,

Bistro&Pub Hilpeä Hirvi is a laid-back place for a delicious meal. In Kaipola, **Ravintola Myrsky** serves diners and boaters at the harbour.

If you're in the mood for Asian cooking, head over to **Restaurant Silkkitie**, **Hong Thai** and **ThaiQ container restaurant**. Or, pick up a tasty pizza or kebab from one of the numerous pizzerias in the area.

At **Elonen Café**, you can enjoy a buffet lunch along with coffee and a pastry from the award-winning confectionry masters. At **Lounaskahvila Vehnäleipä** and **Witikkala's Manor** you can eat or have a coffee with delicious pastries. These traditional catering restaurants offer a cosy setting and banquet tables full of delicacies to cater for celebrations of all sizes.

”

A whole range of forest animals lives in the Manor's enclosure, and you can pet reindeer as well as fallow deer.

PAAVO PARTIO STEPPED IN HIS PARENTS' SHOES

Sauli the moose reaches his muzzle towards the biscuits calmly, as he has been used to people since his birth.

Many people have already fallen in love with moose after getting within touching distance with them in the **Hirvikartano Moose Manor**. You can get even closer to the forest animals in the adjacent enclosure, where you can step all the way in.

At the manor located in Heinäselkä, Jämsä, in the rugged back country of Himos, customers can enjoy high-quality Finnish food close to nature. The à la carte menu offers, among other things, reindeer tenderloin, sautéed moose and vendace – all game is imported from the Finnish Lapland. Hirvikartano also provides an excellent setting for celebrations and various meetings.

FOREST ANIMALS WITHIN TOUCHING DISTANCE.

A whole range of forest animals lives in the Manor's enclosure, and you can pet reindeer as well as fallow deer. The aim is to also introduce such animals as white-tailed deer, roe deer and forest reindeer.

FROM GENERATION TO GENERATION. Heinäselkä has been one of the seven main farms in Jämsä. The log building of the farm established in the 18th century has been moved to its current location in 1863. The grandparents of **Paavo Partio**, the master of Hirvikartano, who has a background in accounting and in the Border Guard, bought the then abandoned farm. The first manor leaders were Partio's parents until the official change of generations took place in the spring of 2021.

Partio also spends his leisure time in nature. He hunts with his dog Olli in nearby forests, makes sculptures with a chainsaw and horn engravings. He tries to balance it out with rugby. Partio says that he was gifted with the red thread for sculpting, but also for his life, by the late **Eero Heino**, also known as Bear Eero: "Don't imitate anyone, always go full speed ahead!"

J. Alho Felt Factory

FELT, DELICACIES AND GEMS

The region of Jämsä is known for its unique felt art and handicraft traditions. This rare (by Nordic standards) concentration of companies, craftspeople and events in the felt industry make up what is nicknamed "Felt Valley of Finland".

The felt factory **Lahtiset** is located in the village of Partala, where it manufactures its nationally renowned long felt boots as well as design products designed by **Aki Choklat** and **Jonas Hakaniemi**. You can also find slippers, bags, felt jewellery, interior decoration products and so much more in the factory shop.

The **J. Alho Felt Factory** store has unique slippers, bags, felt jewellery, household goods, "sauna hats" and coolers as well as gift items. The store also has a coffee shop, with homemade baked goods and ice cream.

Handicrafts shop **Mäen Huopaa ja Lan-
kaa** offers felting courses (upon reservation)

and sells products made by Finnish craftspeople, such as jewellery, interior decoration products and other gift items. The store also sells a wide variety of weaving and knitting yarns as well as handicrafts supplies. Finnish woolen yarns from local sheep farms are also sold here.

JÄMSÄ DELICACIES. Elonen's award-winning bread, cakes and pastries offer great enjoyment both in everyday life and celebrations. The traditional **Hirvelä Uunitalkkuna** is made from gluten-free oats from the farm's own fields. Small, family-owned business, **Huukon Hillot**, makes speciality jams with local ingredients. Produced with the skills acquired over three generations, the fresh berry juices and Christmas casseroles of **Ylä-Porkkala Farm** are made with the finest local ingredients. The **Uusi-Yijälä Farm** wine shop sells the farm's own berry wines and products from local entrepreneurs. The **Jokilaakson Juusto** cheese manufacturer produces cheese spreads, pre-grated cheeses and dips as well as vegan delicacies to spread on bread and to use in cooking.

Pajalan Kenkä is a veritable treasure trove of shoes, not to mention leather jackets, bags and many more accessories. **Witikkala Manor's** charming 19th century setting houses a café and wonderful lifestyle shop, with a wide variety of branded clothing and interior decoration products. In the town centre, you should visit **Vehkala's jeans shop** with good service, which also sells other clothes and accessories. **Matto & Sisustus Dream Home** sells carpets and lovely interior decoration products. There are many things in **Taikavakka**, including a self-service second hand shop and a natural cosmetics and gift shop. They also sell high-quality clothes for women and children, made in Finland.

SAFETY ON THE SLOPES!

We apply the slope rules shared by all Finnish ski resorts. Ask for the Ski slope rules -guide at the ticket office. The key is to adjust your own speed, keep your distance to other skiers and be responsible in every respect. We also recommend that you use a helmet. For more information, visit www.ski.fi.
