Other great hiking destinations include the **Himos trekking routes**, the **Sorvajärvi nature exercise path** near the town centre, the **Pukinvuori hiking route and fitness stairs**, and

the **Tervaleppämetsä** (alder forest) near the shore of the Jämsänjoki river. Many of the trails have a lean-to shelter or campfire site along way.

PADDLING ALONG WANHA WITONEN

The Wanha Witonen canoeing route introduces visitors to some of Central Finland's most beautiful nature destinations and cultural attractions.

The 75 km long **Wanha Witonen** canoeing route runs from Petäjävesi to Koskenpää, through Jämsänkосki and the centre of Jämsä, and then all the way to Lake Päijänne. The route also has shorter sections which are suitable for day trips. Along the marked route there are small rapids and chutes as well as lakes and river sections. It is also possible to skirt round the rapids by land, making the route suitable for all skill levels.

You can enjoy your own meals at the waterside resting areas along the route. In addition, you can see various sights along the route, such as the UNESCO World Heritage Site of the Petäjävesi Old

Church, the Aarresaari Local Museum, and the Rasuanniemi Nature Reserve.

SAUNA SOOTHES THE SOUL

Himos-Jämsä belongs to the sauna province of Central Finland, and it is known for its smoke saunas and as the home of the original barrel sauna. In addition, the only Sauna Village in all of Finland can be found right here.

In Himos-Jämsä, you can relax in a variety of different saunas. Each of the rental cabins in the area has a private sauna, and many also have a hot tub or jacuzzi. Even bigger groups can enjoy sauna experiences in the **Sauna Yard of Himos Holiday**. The Yard offers various saunas, outdoor jacuzzis, fireplace lounges, a terrace area, and a grill shelter. The sauna facilities of **Restaurant Rinne** offer an unrivalled way to round up a meeting – sitting in the warmth of an outdoor jacuzzi admiring the magnificent view of the slopes. The world's first barrel sauna can be found in **Kievari Rantapirtti**, and the **Simulator World** has the fastest sauna in Finland, the Ferrari sauna.

Located on the shore of Lake Päijänne in Juokslahti, Jämsä, the **Sauna Village** offers a genuine sauna experience and a journey into the history of the Finnish sauna. At the Sauna Village, guests can visit the world's most extensive collection of Finnish smoke saunas. The oldest smoke saunas in the Sauna Village date back to the 18th century, and the newest represent the smoke sauna construction style of the 1940s.

The smoke saunas introduce visitors to

the history of the Finnish sauna and to the related building traditions. Visitors can enjoy the Finnish sauna culture in the Sauna Village by taking part in the open sauna Saturdays in the summer or by renting a sauna for private use. There is also a grill site for roasting sausages in the Sauna Village. A guided tour of the Sauna Village (in Finnish and English) can be booked in advance.

The Sauna Village offers a unique setting for events and recreational days.
